Meet the Rag Cats

Zane Grey came to me in the summer of 2011 he was found in a engine of a car by the guys at Thompson Auto Sales. They heard about me and my adoption efforts. They asked if I could take him in and I brought him to the warehouse. I fell in love with him and adopted him as a AWR Mouser. As you can see he is on break. Adoption News:

AWR is proud to announce that we have adopted out our 17th cat. It has been an exciting journey rescuing and finding homes for cats that once didn't have a chance.

In the near future we have plans to establish a non-profit 501 (c) (3) called AWR Cat Rescue.

If you would like to help us with our cause. We are taking donations of cat food, cat litter and kennels to house the cats, or you can go online to make a donation.

To see a short bio of cats we have up for adoption and our adoption success stories at www.americanwipingrags.com see Adoption Central.
